

RFID ISO Contact IC Card

The IC card is an abbreviation for Integrated Circuit Card, and its shape and dimensions follow international standards (ISO / IEC 7816).

There are three types of contact IC cards: memory cards; smart cards with CPUs; super smart cards with displays, keyboards, and CPUs. The advantages of IC cards are large storage capacity, strong security and confidentiality, and easy portability.

Overview

Chip options

ISSI 4442/4428、ISSI 24C02/04/...、FM 4442/4428

Size options

ISO Standard size: 85.5*54mm

Base material

PVC、PET、ABS

Printing options

Offset CMYK printing、Silkscreen printing、Digital printing

Surface finish

Glossy、Matt、Frosted

Numering options

Black laser code、Yellow laser code、UV ink code、Digital code(dot)、Thermal number

Personalisation Options

Packing details For ISO Size

- 200 pcs per white box,
- 2,000 pcs per paper carton.
- Carton Size: 50*23*16cm;
- G.W.: 12.5kg per carton.
